

CSI JUNIOR TRAINING SCHOOL

THINK FORENSIC'S CRIME SCENE EXPERTS ARE LOOKING FOR NEW RECRUITS...

....So if you think your group are up for it and think they've got what it takes to become a good detective why not either visit our Crime Scene Centre on Lodge Street HD8 9DR or have us along to your meeting.

Using the same techniques as the experts they will find out how to solve crimes by:

- Learning how to gather evidence from a crime scene
- Learn about the roles of a CSI and Forensic Scientist
- Rolling and identifying their own fingerprints
- Developing fingerprints using magnetic powder
- Examining hair and fibres using digital microscopes

Workshops are designed in conjunction with crime investigation specialists and are suitable for children aged 5 to 7 years. All our staff are DBS checked and are fully trained.

All children will be able to take away copies of their own fingerprints.

Our workshops have a reputation for not only being highly informative but also great fun. We are able to run the meeting at your usual time. Workshops last one hour and cost from £5.00 per head. Minimum spend £80.
